

## What's New in 5th Grade?

March 26, 2019

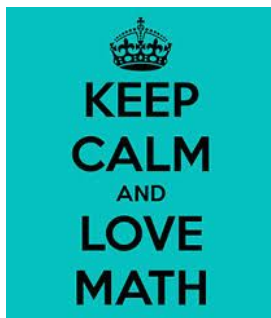

### ELA

With our State Testing coming up, we are working hard in class to review all the standards and material we've learned this year. This includes Reading as well as Language (grammar). Classes will be having homework over Language standards.

This week students will be tested on the prefix mis and next week it will be on phobia. Each week, students can study by logging into [quizlet.com](http://quizlet.com). This website creates online flashcards, a matching game, and other ways for your child to study.

### Math

We've been having fun getting to know students from the other 5th grade classes. We will continue to rotate for Math time to different teachers in order to cover the remaining topics before the state test in April. Topics include coordinate geometry, volume, classifying plane figures, converting standard measurements, etc. We will cover the next four topics by switching classes. Each teacher will teach one topic for four days before rotating to the next classroom for the next topic.

## Science

We finished all the Science Units and are reviewing for the State test. 5th graders will take the Kansas State Assessment for Science on April 3rd and 4th in the morning. Please try to schedule appointments around these times. Also, the best preparation for testing is a good night's sleep and a good breakfast.

## Important Dates:

**What:** Scholastic Book Fair

**When:** April 8<sup>th</sup> - 12<sup>th</sup>

Hours: 8:30 a.m. - 3:30 p.m.
