

# What's New in 5th Grade?

September 12, 2018

## ELA

We are continuing to work hard on identifying the Main Idea and Key Details through short and long reading passages. As a whole group, we went over Unit 1 assessment and practiced strategies to look back in the text to locate answers.

Greek/Latin root quizzes will be given weekly. This week's root is "JECT". Next week, the root word is "SPEC". Each week, students can study by logging into quizlet.com. This website creates online flashcards, a matching game, and other ways for your child to study. Your child has log in information in their agenda.

## Math

Thursday September 13th, we will have our Topic Two test over Adding and Subtracting Decimals. Beginning Friday, we will continue on to Topic 3, Multiplying Whole Numbers.

## Social Studies

Your child has now learned about the five different Native American Regions and have picked their favorite region to give their Native American Presentation on. Presentations are due Monday September, 17. Our next unit will cover Explorers.

**Website:** Did you know our Fifth grade team has a website? The link is attached. This will be where you can find key information about what is happening in Fifth Grade.
