

## CTEC CAPS FAQ's

1. What grade levels can attend CTEC CAPS?  
Juniors & Seniors
2. How many courses are recommended each year?  
Please take a minimum of 2 full credits at CTEC. Two 1.0 credit courses; or One 1.0 credit course + Two .5 credit courses. Some of our capstone classes are 2 credits.
3. Is there an enrollment fee?  
No. During enrollment you will pay for your regular high school enrollment fees, which will include any of the courses that have fees associated with them.
4. Is there an application process?  
Yes. Please talk to your counselor, and complete the application and enrollment process through your home high school.
5. Is there a cap on the number of students that can attend CTEC CAPS?  
Yes. Because certain courses have a set amount of computers or equipment, and faculty, each course has a cap and a restricted number of sections.
6. Can I take more than one "Strand"?  
Yes, if the courses align with your Individual Plan of Study, and if they will work with your schedule.
7. Will there be transportation?  
Yes, transportation will be provided to every AM/PM block of time at CTEC CAPS. Or students may drive themselves.
8. Will I eat lunch at CTEC CAPS?  
No. You will eat lunch at your home high school as CTEC will not provide lunch. If there is a case where a student is at CTEC all day long, because their schedule was flexible enough to allow a full day of CTEC courses, the student can grab lunch at MCMS and bring it back to CTEC, or pack a lunch, or if the student drives to CTEC, they can grab fast food to bring back to CTEC. We also have vending machines on the 2<sup>nd</sup> floor across from the conference space.
9. If I am interested in Welding, which courses should I take to get started?  
Please take Emerging Technologies (1.0 credit) + Intro to Welding (.5 credit) + Production Blueprint Reading (.5 credit). This will get you started in that Strand at CTEC CAPS.
