MVHS Construction Updates
(This area will change as information reported)

MVHS Phase I

February 11, 2020

Parking Lot/Drive Repairs

Parents & Guardians.

I am writing to provide a quick update about our parking lot and drives. Although we are excited about the construction projects, we acknowledge the challenges we face with making repairs to our lots. Please drive slowly during this time.

Crews will be cleaning certain areas of the lot as school-related construction moves into different phases. The district will continue to temporarily patch potholes until the weather begins to warm. Once asphalt plants return to production, crews will make additional repairs. Eventually, the lots and drives will be resurfaced.

Please drive slowly and thank you, again, for your patience.

November 25, 2019  Feb 2020:  Bus Loop Back to Normal

Bus Riders

- After School
  - Beginning Monday, December 2, you will load the bus in the front loop of Mill Valley High School (east side).
  - If you load your bus after school at Monticello Trails, you will continue to do so.

- Before School
  - You will be dropped off in front of Mill Valley High School (east side).

New Gym Roof

- As construction crews begin work on the new gym roof, you will begin to smell tar. The district has taken steps to reduce the odor. However, eliminating it
completely is not an option. It is the same odor we dealt with when we reroofed the rest of the building.

**May 28, 2019**
- Construction Begins
  - Auditorium
  - Competition Gym
  - South Field House at Stadium
- 3 Sections of Our Parking Lot Zoned Off for Construction
  - The areas marked in red will not be allowed for parking during construction

For August of 2019 thru construction end

**August, 2020**
- *Estimated* Completion
