 - b. Hot Chocolate machine: Discussed purchase of new machine. Hot chocolate is a big seller and too hard to make each by hand. All agreed that it is a needed item. Discussed selling for \$2/cup. Looked at difference options. \$1450 machine can do 107 cups/hour. We will look into them to see if any can do more cups/hour.
 - c. Discussed having looking into having electrical work done in indoor concessions to accommodate bigger popcorn machine.
 - d. Discussed rearranging indoor concession layout so that popcorn machine is beside popcorn warmer rather than across the room.
- VII. Other Business:
 - a. Band Fund Request: Request for frames to be used for props to be used by the marching band on the field. Expense: \$967.50. Board approved this request.
